

## **Engineering Technician**

**Kingsbury General Improvement District**

**Stateline, Nevada**

Kingsbury General Improvement District, a dynamic public agency in Lake Tahoe, Nevada, seeks an Engineering Technician.

The Engineering Technician is a journey level position performing a broad range of duties involving technical engineering work in support of technical personnel, managers, and professional engineers. Duties include, but are not limited to, drafting, engineering calculations, surveying (GPS), construction inspection, asset management, roadway/right-of-way engineering, planning, permitting and inspection in support of civil or related engineering and operations programs, as well as other duties that may be required.

Excellent benefits including healthcare, retirement (NV Pers), vacation, holidays, sick leave, education opportunities and more.

We offer competitive wages ranging from \$5,154.00 to \$6,067.00 per month.

Applications can be obtained at [www.kgid.org](http://www.kgid.org), and will be accepted either online or at our office located at 255 Kingsbury Grade, Stateline, Nevada. For further information call 775-588-3548 or email [Judy@kgid.org](mailto:Judy@kgid.org).
